They were selected by a panel of judges based on talks centered on this year's theme, "Pioneers Visions of a New Horizon!", their goals, accomplishments, poise, leadership, answers to judges' questions, and family genealogy with pioneers who came to the Salt Lake Valley between 1847 and May 10, 1869.

### George Potter spoke at our June meeting

#### He provided an update and renewed glimpse of the Lehi-Nephi Trail

For five years George Potter, Richard Wellington, Tim Sedor and their friends from Fiji, Germany, New Zealand, the Philippines Islands, the United Kingdom and the United States have traveled almost 100,000 miles searching for the Lehi-Nephi trail in Saudi Arabia.

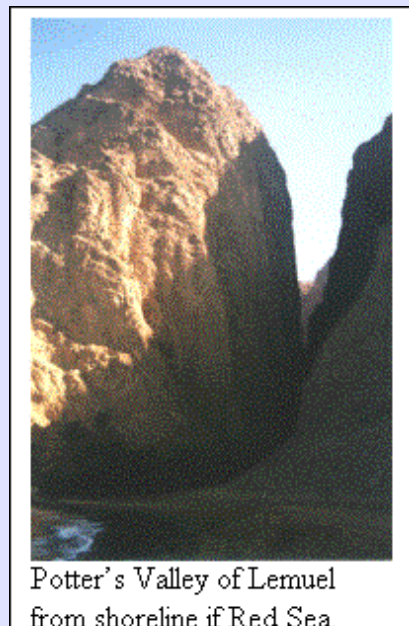

George updated us on their continuing quest to find and document the geography, ancient trade routes, circumstances as they would have been in 600 B.C., and the then existing peoples and their culture and skills which would have made possible all that transpired as recorded by Nephi in the Book of Mormon record. The information shared is truly appreciated. Thank you, George, for an engaging evening.

George will be retiring soon, and has only about a year remaining in Saudi Arabia, following which he will move back to Utah, but we trust will continue to uncover new information about Lehi's trail. We were reminded that this all came to be because by being employed in Saudi Arabia, and making acquaintances with other LDS church members, and because they had a yen for adventure, they began this quest many years ago and gradually uncovered the information they now present.

As you will see, the quality bar has been significantly raised for Book of Mormon research in the Old World. The new findings are compelling and well documented. As we already know through the exercise of our faith, the Book of Mormon is the word of God. For the first time, you can see that it also includes a very accurate record of a journey through Arabia in 597 B.C..

The fruit of these efforts are what inspired Tim and George to establish the Nephi Project, an organization dedicated to presenting their discoveries and to raise money to continue research projects on the books of 1st and 2nd Nephi. A series of books, and DVDs have been produced to bring these amazing discoveries to you and your friends.

### Upcoming Chapter events and programs

- **August** Paddy Spilsbury, Joseph Smith Papers, Church History Library, speaking about developing activities.
- **September** Ted Brewerton will speak about discoveries of the Catholic Priests in Central America paralleling the

Book of Mormon.

- **October** Chapter Trek to Union Station Foundation (four museums and two galleries) at the historic train station.

The Trek to the [Ogden Historic Train Station](#) will be an all day event. We plan to take the Frontrunner Train to Ogden. The train stops at the station, and the museums are right there. For lunch there are restaurants on the premise, and others nearby. The four museums are the John M. Browning Firearms Museum, the Utah State Railroad Museum, the Utah Cowboy and Western Heritage Museum, and the Browning-Kimball Classic Car Museum. Those who took the "dry run" tour report that it is a fabulous place to visit. The Senior price for the Museum is \$4 and Frontrunner is \$2.50 roundtrip. We would go about 9 a.m. (one hour ride) and return at our pleasure.
