#### Chapter Trek - Union Station Foundation - Ogden, Utah

FOUR MUSEUMS • TWO GALLERIES • ONE HISTORIC TRAIN STATION

**[This event replaces our normal monthly evening meeting at the 10th Ward Chapel]**

We will meet on Thursday, October 5, 2017 at 9:30 a.m. at the Tenth Ward Chapel on 8th East, 420 South (Next to Chuck-A-Rama Restaurant) planning to leave there at 10:00 a.m. in car pools.

Mike Reed will provide a map with directions to the Train Station, and suggestions of where to eat lunch. It is about one hour to drive to the Train Station. We will tour the museums then go to the restaurant of our choice for lunch.

Our original plans of riding up on the Front Runner Train has been replaced by the car pooling choice, which also replaced the idea that we might rent a bus, which after much research proved way to expensive.

David Smith has been polling by telephone our members to determine who and how many are willing to drive their car so we will have all of the space necessary to take everyone to Ogden.

### August Meeting

#### Ted Brewerton - Ancient Texts Support the Book of Mormon

Our speaker was Ted Brewerton who spoke about the Christian beliefs of the Native Americans who were first encountered by the Catholic Fathers when they came to the Americas.

His presentation was quick paced, consequently chock full of information, which Briant Jenson so gratefully provided a Word Document with most of the information and many of the photos of the artifacts which Elder Brewerton brought.

[The Word Document is here provided.](#)

Elder Brewerton is a former member of the First Quorum of Seventy, now Emeritus status. He chaired the committee which created the Church edition of the Spanish Bible; has served as a Regional Representative, Stake President, Executive Administrator for Brazil and the Mexico North Area, in the area presidencies of the Mexico/Central America, South America South and North America West areas, and president of the Mexico City Temple.

He is a true Mesoamericanist, having spent much of his life studying the cultures of that area, has acquired originals and copies of many of the ancient Mayan documents, and the Book of Mormon Archeological Forum has published a 7- page book of all of his presentatins which include the subjects of "The Catholic Chroniclers and the Book of Mormon", "Archaeological Scholars Support 3 Nephi without knowing its contents", Giants and How They Relate to the Elmec and Jaredite Cultures of the Same Period", and "Serpent Symbolism and It's Relationship to the Book of Mormon".
